## Freedom from Freemasonry

Other brotherhoods & spiritual strongholds

September 25th - 27th

Residential Conference  
King's Park, Northants

If your life, or that of your relatives/forefathers, has been influenced by freemasonry, we would recommend strongly that you attend. Then you can be assured that you and your descendants enjoy the blessing of God's freedom achieved through repentance and deliverance.

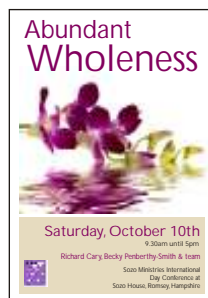

Freemasonry needs specific prayers of authority as it has deep links to witchcraft which many masons don't even know about! Ministry needs to be specific & comprehensive. If you still see things going wrong in your life or the lives of loved ones please seriously consider booking.

## Take Hope - An Incredible Change!

Here is an extract taken from a very long testimony sent into the office describing major areas where God has brought this person out of the pit & back into His purposes. The transformation is thrilling.

Let God give you hope, if you need it, through this summary.

"Briefly, past abuse caused me for 20 years to turn on myself. I was even sectioned in hospital due to severe anorexia. I nearly destroyed my life & was living a nightmare. I hated myself and what I had allowed to happen.

**Since I attended your last September's Freedom from freemasonry Conference I've noticed so many changes:-**

God has healed me from controlling curses & conditional love. I 'know' something has happened in me and I have an inner peace that I have never known before.

I am no longer afraid of my father and no longer feel I need to 'earn' his or others love. I had always felt I wasn't good enough. I can now tell him I love him. I no longer feel the need to reach out for 'earthly' love like I used to. I can also now tell my mother I love her. I will no longer allow her to manipulate me or use emotional blackmail. I am now free to be 'me'.

*I can stand strong spiritually and emotionally in a way I never have before. Also, I'm recognizing when the enemy is 'having a go', & with God's strength in me, more able to stand against him.*

I'm now in a place I had only dreamt of or tried to imagine in the past. Praise the Lord and thank you!" Anon

## Lord, Help My Unbelief

"Does having faith mean you are a super-spiritual giant or is it deeper than that? More to this message than meets the eye!"

Last Sozo Sunday's message by Marion

On DVD, CD & Tape

**NEW**

## In the Beginning...

"Recently I had a discussion with my Aunt about evolution. I read to her Genesis chapter 1 on how God created things at different times, we then read verse 27.

*"So God created man in his own image, in the image of God created he him; male and female created he them."*

The effect of God's Word was amazing. A lie was exposed that she had believed having watched a television programme. She received the truth of His Word in her heart, praise the Lord!" **DC Hants**

## As Time Passes.. God's Work is Revealed!

"Back in 2005 I attended a Freedom from Freemasonry conference. It was an amazing time.

I was gradually healed of extremely bad allergic rhinitis, but the best has been that the Lord started revealing that Mormonism (covered on the conference) was holding my non-Christian husband. I had some prayer for him & he has since been to a marriage course with me at Church and had some counselling. We also completed an Alpha Course together last year.

We have become grandparents, which is wonderful as miscarriage USED to run in the family.... The good fruit just keeps coming. Thank you so much for your ministry." Anon

Although details of teaching content & venue remain inconclusive there is a leaflet on the literature table today you could send to those who may be interested in the issues that will possibly be covered. Let us know if you would like further details when plans are more concrete.
